

K-Love has supported me in my daily walk with their great Christian music and their prayers. It is so nice to hear encouraging and uplifting music. If K-love is taken from the air, many people will not get the support that K-Love offers and others will not hear the news of the love of Jesus Christ and his plan of eternal security. K-Love supports wholesome values and has a positive and encouraging impact on communities all across America and that is why I believe K-Love should remain on the air. Please don't remove K-Love! We need this kind of support. God Bless you for your contribution in building the kingdom.
